

Cegléd Training Camp Handball

2025.07.01. - 2026.04.01

Cegléd

Cegléd, the regional center of the southeastern half of Pest county, is located a thirty-minute drive from the airport of Budapest.

The historical settlement is the third largest city in the county.

The Ceglédi VSE, founded in 1935, currently operates 12 divisions with nearly 1,000 athletes, and is the largest and one of the most successful sports associations in Pest County.

In addition to football, our departments include: table tennis, athletics, wrestling, judo, boxing, bowling, tennis, water polo, fitness, equestrian, darts, mass sports.

In recent years, we have undergone a huge infrastructural development, which provides an excellent opportunity for teams that are looking for training camp opportunities.

Gál József Sports Hall

József Gál (Cegléd, 1918 – 2003)
world champion wrestler.

He was a wrestler for Ceglédi MOVE SE from 1934, and for Ceglédi Vasutas SE from 1948. He played for the Hungarian national team from 1948 to 1952.

He achieved his most significant achievement in sports history at the 1950 World Championships, where he won the world championship title in his weight class in the tie-break, thus earning the first official world championship gold medal in Hungarian wrestling.

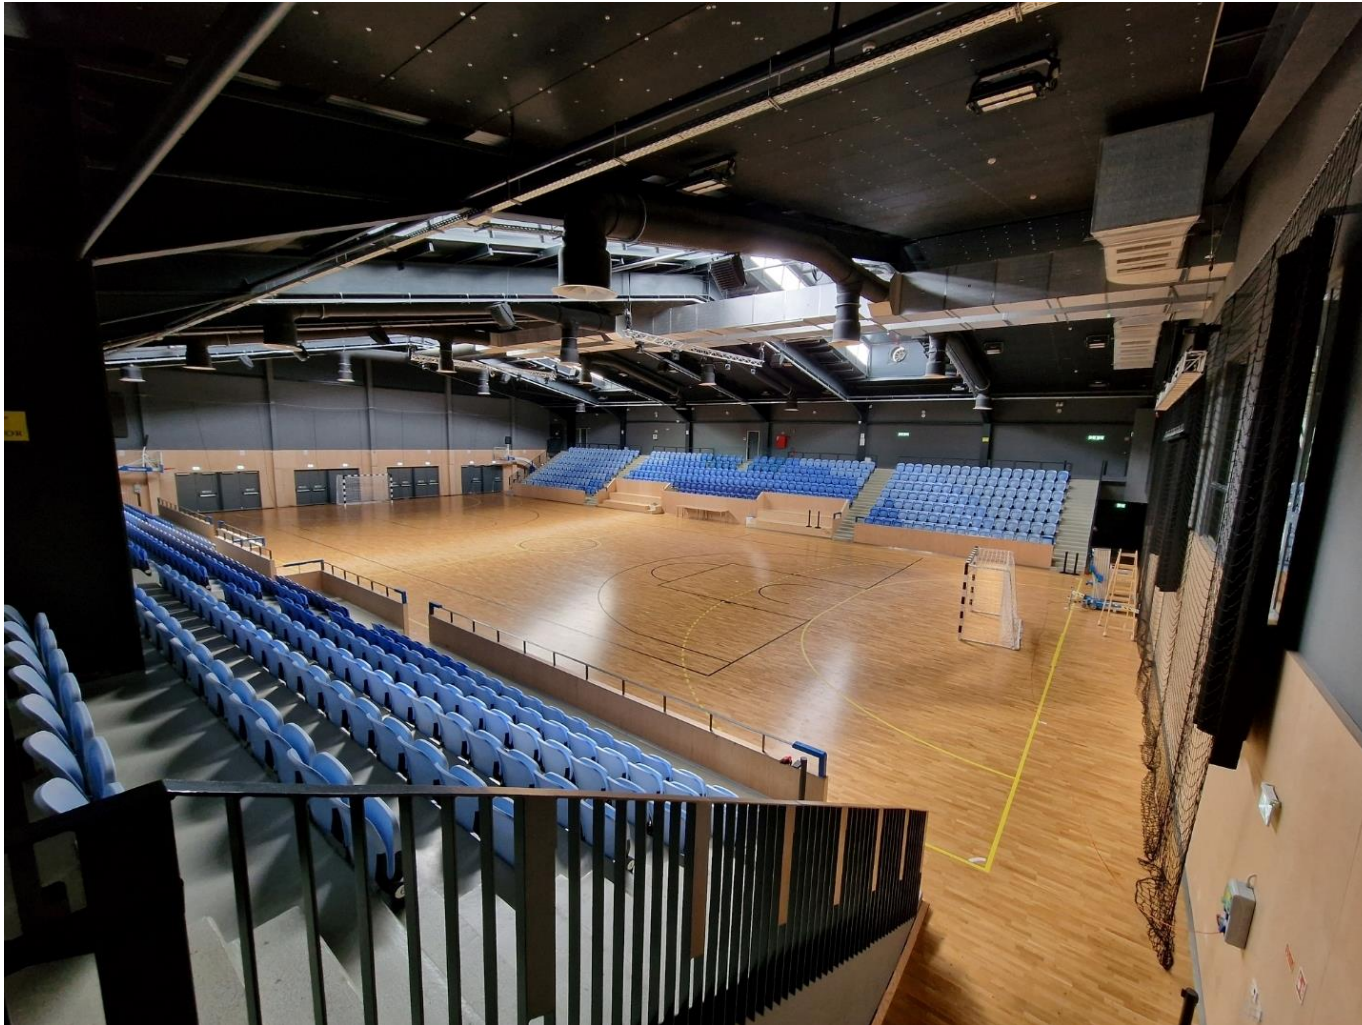

Gál József Sports Hall

As a result of state support, a grandstand with a capacity of 800 people was built with full infrastructure. The complex service includes a 4-star hotel, a 3-star guesthouse, indoor sports facilities, a swimming pool and a regeneration base, which includes Swedish saunas, a cryosauna, thermal and cold water pools.

Gál József Sports Hall

Thanks to the development of the city, we have 1 competition hall and 1 work hall at our disposal, which allows for smooth implementation with little downtime.
