Cegléd

Cegléd, the regional center of the southeastern half of Pest county, is located a thirty-minute drive from the airport of Budapest.

The historical settlement is the third largest city in the county.

The Ceglédi VSE, founded in 1935, currently operates 12 divisions with nearly 1,000 athletes, and is the largest and one of the most successful sports associations in Pest County.

In addition to football, our departments include: table tennis, athletics, wrestling, judo, boxing, bowling, tennis, water polo, fitness, equestrian, darts, mass sports.

In recent years, we have undergone a huge infrastructural development, which provides an excellent opportunity for teams that are looking for training camp opportunities.

Zsengellér Gyula (1915-1999)

Gyula Zsengellér, a native of our city, is a member of the 1938 world championship silver medalist team, and is the seventh most successful first-class goalscorer of all time.

We are proud that this modern, excellently equipped sports center can bear his name.

Gyula Zsengellér's teams: AS Roma, Ancona, Limassol, Larnaca, Olympiakos Volos, Újpest FC
